

Applicants provisionally elect herein Group III, encompassing claims 30-35 and 104-109, "drawn to a polypeptide and a composition, classified in class 530, subclass 350". Applicants elect for examination SEQ ID NO:116.

Notwithstanding the foregoing, Applicants respectfully submit that no serious burden would be imposed upon the Examiner by combining several of the groups. For example, Group III, directed to, *inter alia*, polypeptides, could be searched with no serious burden along with Group V, directed at methods of inducing an immune response by administering a polypeptide.

Applicants reserve the right to prosecute the claims encompassed by any of the non-elected groups in future divisional applications.
